

## *What is CONNECTIONS?*

Connections is what happens when our Catholic faith meets our daily life experiences through small faith-sharing groups. Saint Michael Parish's **CONNECTIONS** is the umbrella term for the wide variety of small groups that meet at different days and times in both our church and at individual homes. We invite you to get connected!

## *What is a small faith-sharing group?*

Small faith-sharing groups invite participants to examine God's presence in their life through honest, trusted, and supportive community. All are welcome to participate in spiritual growth and renewal by means of prayer, reflection, and discussion. With a focus on encountering Christ, reflecting on Scripture, and living the gospel, small faith-sharing groups honor the diverse backgrounds, insights, and perspectives of all members.

## *What types of groups meet at Saint Michael Parish?*

There is a small group meeting nearly every day at our parish, morning and evening. We have groups for everyone, including ones specifically for men, women, couples, teens and parents. Some meet every week, while others meet for a limited period of time, such as during the fall or Lent. Plus, groups have different formats to meet the interests and needs of their members. We can also help you start your own group!
